*Technology Used: MongoDB, Express.js, React.js, Node.js, TailwindCSS*

- Built an end-to-end e-commerce platform with advanced product filtering and seamless cart management.
- Developed an admin panel for efficient product and order management.
- Designed a secure user authentication system with JWT-based authorization

## Velo.ai

*Technology Used: MongoDB, Express.js, React.js, TailwindCSS, StackBlitz, Groq, CodeMirror, Vercel*

- Developed an AI-powered code generation platform for seamless development and deployment.
- Integrated real-time syntax highlighting and AI-driven code completion.
- Utilized cloud-based execution environments to enhance accessibility and performance.

## EDUCATION

---

### Sage University

#### Master of Computer Applications (MCA)

2023 - Present

Indore, Madhya Pradesh

### Vikrant Group of Institutions

#### Bachelor of Business Administration (BBA)

2019 – 2022

Indore, Madhya Pradesh

## CERTIFICATIONS & TRAINING

---

- Getting started with NodeJS
- Full Stack Web Development (Apna College)
- AWS Certified Cloud Practitioner (Ongoing)
- IBM Full Stack Software Developer Professional Certificate (Ongoing)

## KEY ACHIEVEMENTS

---

- Promoted to Chief of Staff (COS) at The Entrepreneurship Network for exceptional leadership and technical contributions.
- Successfully delivered multiple freelance projects, including a website for Wisdom World Academy.
- Led development of scalable applications, improving performance and maintainability.
